SUMMARY AND CERTIFICATION
MAXXIM MEDICAL TRU-TOUCH™ PF VINYL POWDER FREE
MEDICAL EXAMINATION GLOVES

Class I (classification by the General Hospital and Personal Use Device Panel)

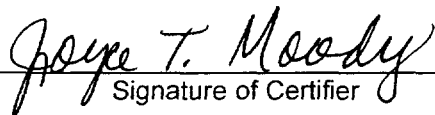

Common Name: Medical Examination Gloves

Classification Name: Patient Examination Glove (21 CFR 880.6250)

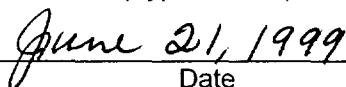

The purpose of this 510(k) is to obtain an FDA clearance for manufacturing and distributing Tru-Touch™ PF Vinyl Powder Free Examination Gloves. The Maxxim Medical Tru-Touch™ PF Vinyl Powder Free Medical Examination glove is substantially equivalent to the SensiCare™ Powder Free Vinyl Medical Examination gloves, originally cleared under K944182. The results of the safety, efficacy and performance testing of the Tru-Touch™ PF Vinyl Powder Free Examination Gloves are submitted in this 510(k) submission and are summarized as follows:

1. The gloves meet all ASTM D 5250-92 requirements for freedom from holes, physical properties and physical dimensions.
2. The gloves have been tested and have been shown to be non-irritating and non-sensitizing when tested in accordance with ISO10993-Part 10.
3. The gloves meet requirements of ASTM D 6124-97 for labeling as powder free. No powders are utilized in the manufacture of this glove.
4. The glove is manufactured from a polymer and does not contain any natural rubber latex.

This product is a powder free, non-sterile, vinyl examination glove that is available in various sizes. It is made with a poly (vinyl Chloride) polymer and a polyurethane coating on the user side. This coating provides good donning and doffing without the use of donning powder. No release powder or chemical release agents are used. The gloves will be marketed as medical examination gloves. All requirements for physical properties and dimensions have been met for this intended use.

Re: K992122
Trade Name: Tru-Touch™ PF Vinyl Powder Free Examination
Glove
Regulatory Class: I
Product Code: LYZ
Dated: June 21, 1999
Received: June 23, 1999

Dear Ms. Moody:

We have reviewed your Section 510(k) notification of intent to market the device referenced above and we have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (Premarket Approval), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 895. A substantially equivalent determination assumes compliance with the Good Manufacturing Practice for Medical Devices: General (GMP) regulation (21 CFR Part 820) and that, through periodic GMP inspections, the Food and Drug Administration (FDA) will verify such assumptions. Failure to comply with the GMP regulation may result in regulatory action. In addition, FDA may publish further announcements concerning your device in the Federal Register.

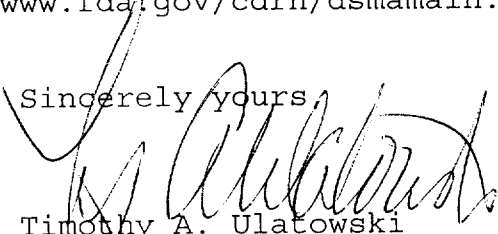

Page 2 - Ms. Moody

Please note: this response to your premarket notification submission does not affect any obligation you might have under sections 531 through 542 of the Act for devices under the Electronic Product Radiation Control provisions, or other Federal laws or regulations.

This letter will allow you to begin marketing your device as described in your 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801 and additionally 809.10 for in vitro diagnostic devices), please contact the Office of Compliance at (301) 594-4692. Additionally, for questions on the promotion and advertising of your device, please contact the Office of Compliance at (301) 594-4639. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21 CFR 807.97). Other general information on your responsibilities under the Act may be obtained from the Division of Small Manufacturers Assistance at its toll-free number (800) 638-2041 or (301) 443-6597 or at its internet address "<http://www.fda.gov/cdrh/dsmamain.html>".

Sincerely yours,

Timothy A. Ulatowski
